# ODE GUIDANCE

## New Information on Ohio Department of Education website about instructional hours, child safety reporting and family engagements

The Ohio Department of Education continues to update its website with information related to the ordered school-building closure.

[New information has been made available to answer questions related to instructional hours and student attendance for the 2019-2020 school year.](#) Specifically, the webpage provides information about how different education options count toward attendance and instructional hours, as well as how to code time away from school buildings for EMIS reporting requirements.

School leaders, employees and teachers are mandatory reporters, meaning they are required to file a formal report if they suspect a child is being abused or neglected. Since the coronavirus-related ordered school-building closure, reports of child abuse have plummeted. The Ohio Department of Education has teamed up with the Ohio Department of Job and Family Services to provide [important information](#) and resources to assist with identifying possible cases of abuse and neglect and how to report them.

Finally, details about how families can [stay engaged with remote learning](#) have been posted here as a supplement to the Remote Learning Resource Guide. This information is provided as a support for parents, families and caregivers as they help students navigate the remote learning environment.

Please stay safe and thank you, as always, for everything you have done and continue to do for Ohio's students!

## NWEA Research & Webinar

Gold Partner [NWEA](#) just released their latest research brief, "[The COVID-19 slide: What summer learning loss can tell us about the potential impact of school closures on student academic achievement.](#)" They understand that district leaders will be challenged to figure out how to best prepare to reopen schools, and more importantly devise strategies to help their teachers meet their kids where they are in their learning in light of COVID 19 school closures. This new study provides insights on what district and school leaders can expect based on our valid and reliable data. You can also join an [April 22nd webinar](#) sharing implications of NWEA's COVID 19 research and implications for practitioners and policymakers.

# OHSAA Information

## OHSAA Information 4/14/2020

To: All OHSAA Member Schools' Superintendents, Principals and Athletic Administrators  
From: Jerry Snodgrass, Executive Director

Good afternoon! We hope you enjoyed your holiday weekend. During these past couple of weeks, our office has been working to modify several of our processes to enhance the experiences of our constituents. One of these enhancements has come in the form of a 'Special Presentations' section in myOHSAA. This section will contain videos and surveys that can be accessed by you at any point. Currently, there are two items within this section.

The first piece of content is our '2019-20 Athletic Discussion Meeting.' This video will take the place of the annual meetings that are used to discuss upcoming referendum items. We are transitioning to an online presentation due to the stay at home orders that are in place due to the COVID-19 pandemic. Besides information on the upcoming referendum issues, the presentation will include other important OHSAA updates and reminders. We ask that you please access this meeting prior to the start of voting on May 1, 2020.

The second item within the 'Special Presentations' section is a 'Administrators Workshop Survey.' The survey will allow us to gain information on how to better serve you during our annual Administrators Workshop. Please take the time to provide us with valuable feedback from now until May 1, 2020.

The 'Special Presentations' link can be accessed through two sections within myOHSAA. The first is through your personal 'Dashboard.' You will see the link in the left-hand navigation pane of myOHSAA under 'OHSAA Resources.'

The second place you can access the link is through the school's account. After accessing the school's account through the 'Schools' icon in the upper right-hand corner of myOHSAA, you will see the link in the left-hand navigation pane under 'OHSAA Resources,' located at the bottom of the pane.

If you have any questions regarding these presentations or accessing the Special Presentations link, please reach out to [membershipservices@ohsaa.org](mailto:membershipservices@ohsaa.org). Thanks so much, and stay safe during these times.

# CoSN INFORMATION

## Leading Learning During COVID-19 & Strategic Technology Planning

The [Consortium for School Networking \(CoSN\)](#) and its Ohio state chapter organization, [Learn 21](#), are pleased to continue to support the work of current and aspiring superintendents and district leadership teams in leading all aspects of digital learning transformations.

### **COVID-19**

CoSN has created a special web page with resources for school leaders as they deal with our current national health emergency. "**CORONAVIRUS (COVID-19) EDTECH GUIDANCE**" is available at <https://www.cosn.org/coronavirus>. Under the "CoSN Resources" tab you are able to access the following documents: "*Video Conferencing Tools in the Age of Remote Learning :Privacy Considerations for New Technologies*"; "*Preparing To Take Your Schools Online*"; "*Cybersecurity Consideration in a COVID-19 World*". You can also access a recent webinar presented in partnership with AASA titled, "*Virtual Collaboration and Learning Continuity*"

Resources will continue to be added in the weeks and months ahead.

### **COSN 2020 – Going Virtual**

The 2020 CoSN Annual Conference that was originally scheduled to be held in mid-March in Washington DC is now going forward as a lively interactive virtual conference scheduled for May 17-21. Learn more and join *CoSN 2020: A Breakthrough Virtual Experience* by accessing this web page:

<https://cosnconference.org/cosn2020-is-going-virtual/>

### **Strategic Technology Planning & Investment – CoSN Resources**

A one-page document, [Strategic Technology Planning and Investment](#) provides leaders with three essential focal points for SmartIT decisions. The [SMART IT web page](#) features a new resource created in collaboration with the Association of School Business Officials (ASBO) along with additional information on total cost of ownership, value of investment and more.

### **The Empowered Superintendent edWebinar Series – Monday, May 11, 2020, 5:00 pm ET**

#### ***"Strategic Technology Planning: Aligning Priorities, Costs, Outcomes and Sustainability"***

CoSN, in partnership with [edWeb.net](#), hosts *The Empowered Superintendent* monthly edWebinar series on topics that are essential for all educators engaged in leading digital transformations. Technology has never played a more crucial role than today in schools being able to continue teaching and learning for all students. Join superintendents Dr. Jeanne Barker, Dr. Chris Gaines and Dr. Randy Ziegenfuss in a lively interactive conversation as they share their strategies for technology planning and sustainability. Each will also update webinar participants on how they are leading learning in their school districts during the current COVID-19 health crisis. Their stories and expertise have great value for all school leaders. You are invited to register for this free webinar, as well as access recordings of previously broadcast CoSN/edWeb webinars, at <https://home.edweb.net/supers/>.

If your school or district would like more information about joining CoSN or getting more involved with CoSN, please contact Brian Calvary, CAE, CoSN Director of Membership and Chapters, at [bcalvary@cosn.org](mailto:bcalvary@cosn.org).
